Telligen Mississippi Dental Tip Sheet

Effective immediately, please follow the guidance below as it relates to prior authorization requests for dental services.

- **41899** - This code is not billed by dental providers but is billed by outpatient hospitals when dental surgeries are performed in that setting for dates of service 1/1/24 and after. ***No prior authorization is required***.
  - Telligen will render a technical denial/administrative denial for 41899 due to no authorization required for this provider group.

- **G0330** - G0330 requires authorization when billed by Ambulatory Surgical Centers (ASCs). Only the ASC must obtain authorization for G0330.
  - Telligen will render a technical denial/administrative denial for G0330 when requested by dental providers due to no authorization required for this provider group.

- **D-Codes requiring Authorization by ASCs** - Authorization requirement is limited to ASCs and does not apply to dental providers for Place of Service 24-ASC.

- **D9420** - This code currently requires authorization regardless of place of service.

- **00170** - This code is not listed on the Prior Authorization code list. Authorization is not required for ASC, OPPS, or Dental providers.
  - Telligen will render a technical denial/administrative denial for 00170 when requested by these providers due to no authorization required.

- **ASCs** - Providers billing with the taxonomy of 261QA1903X, are considered ASCs.
